

This Inspection Form is the start of the second life of your container!

Please check the container carefully together with the trucker and fill out this form together. This form will ensure that the delivered container meets the required quality standard. The Eveon Inspection Form is an official part of the buying agreement.

Instructions for driver only: During pick up from the depot

1. When the container is loaded, please check the container for damages that directly compromise the Container Quality Guarantee. Both the inside and outside of the container. Fill in part 1 of the form accordingly.
2. Please call the customer to inform about the delivery time & have a safe trip!

In the event of damages to the container, please directly refuse the container and call your contact within the Eveon supply chain team.

Instructions for driver and recipient: During delivery to the recipient

1. Make sure the container is placed on the desired spot.
2. Please check the container for damages that compromise the Container Quality Guarantee. Fill in part 2 of the form accordingly.
3. In the event of damages that breach the Container Quality Guarantee, both the driver and recipient to take pictures of the inside and outside. Please describe the damages on the form.
4. The trucker takes at least 2 photos of the container (outside and inside).
5. Both the driver and recipient to sign the form and each to retain a copy or take a picture of it.

Both parties make sure that any damages that compromise the Container Quality Guarantee are indicated on the Eveon Inspection Form before the truck driver leaves the delivery location.

When damages that breach the Container Quality Guarantee are found after delivery, please directly contact Eveon's customer service team. We will be happy to further assist you.

Please note:

As part of the buying agreement, the Eveon Inspection Form, is used to record the quality of the container during delivery. In the event of a dispute, it is recommended to contact Eveon customer service directly.

Any issues related to the delivery location not meeting the Delivery Requirements outlined on the Eveon website (<https://www.eveoncontainers.com/en-us/delivery-requirements>) will be handled in accordance with the General Terms and Conditions.
